CAMPUS SCHOLARSHIPS

ACADEMIC ADVANTAGE

SCHOLARSHIP

MISSION STATEMENT

Full Sail University is dedicated to the encouragement and development of future generations of entertainment media and technology professionals.

In an effort to further this encouragement and development, Full Sail University introduces the Academic Advantage Scholarship Program.

ACADEMIC ADVANTAGE SCHOLARSHIP

AWARDS

Academic Advantage Scholarship for eligible campus degree program candidates will vary:

- Associate's degree students may earn up to \$5,000 for their first academic year, and a total of \$7,500 for all academic years.
- Bachelor's degree students may earn up to \$6,000 for their first academic year, and a total of \$15,000 for all academic years.
- Master's degree students may earn up to \$4,000 for their first academic year, and a total of \$6,000 for all academic years.

Applicants are able to meet eligibility each Full Sail academic year based on academic performance as outlined below.

MINIMUM ELIGIBILITY REQUIREMENTS

In order to be eligible for consideration, those applying for a Academic Advantage Scholarship must:

- Complete and submit this application and transcripts or test scores as applicable (see next) prior to first day of class
- Applicants who do not meet first academic year eligibility may still apply and be eligible for an award in a future academic year based on their Full Sail University GPA

Undergraduate degree program applicants may:

- Receive an award in their first academic year if they have earned at least one of the following: a cumulative GPA of 2.5 or higher on a 4.0 scale in their secondary or postsecondary education (minimum of 30 semester credits); an SAT score of 840 or higher; an SAT score prior to 2016 of 1120 or higher; or an ACT score of 17 or higher
- Receive an award in any subsequent academic year if their Full Sail University cumulative GPA is 2.5 or higher

Graduate degree program applicants may:

- Receive an award in their first academic year if they have earned at least one of the following: a cumulative GPA of 3.0 or higher on a 4.0 scale in their secondary or postsecondary education (minimum of 30 semester credits); an SAT score of 927 or higher; an SAT score prior to 2016 of 1250 or higher; or an ACT score of 19 or higher
- Receive an award in a subsequent academic year if their Full Sail University cumulative GPA is 3.0 or higher

HOW TO APPLY

- Read the application thoroughly and complete the required information below.
- As applicable, submit high school or postsecondary transcripts with final GPA, SAT score, or ACT score prior to the first day of class. Your Full Sail Enrollment Guide can provide additional information on submission of these items.
- Submit the completed scholarship application using the Upload feature or: Email CampusEnrollment@fullsail.com OR Fax: 407.215.9526 Attn: Admissions

AWARD DETERMINATION

- Applicant's high school or postsecondary transcripts, SAT score, or ACT score will be evaluated to determine eligibility for the first academic year award amount. Applicants do not have to be eligible for the first academic year award in order to be awarded in subsequent academic years.
- Recipients will be notified by the Financial Aid department prior to beginning each academic year, provided the eligibility requirements above are met.

PROVISIONS

- Applicant must be a first-time student and have applied for a Full Sail University campus degree program.
- A change of degree program, interruption of training, or withdrawal may result in cancellation of scholarship award and disbursement. Student understands that a change of student status may impact eligibility.
- Scholarship funds will be disbursed by semester throughout the student's enrollment at Full Sail University.
- Funds from the Academic Advantage Scholarship may only be used toward the tuition of a Full Sail University campus degree program.
- The Academic Advantage Scholarship is nontransferable and has no redeemable cash value.
- The Academic Advantage Scholarship may be combined with most Full Sail University scholarships; some restrictions apply.
- Financial aid is available for those who qualify.
- SCHOLARSHIP FUNDS ARE LIMITED AND WILL REMAIN AVAILABLE UNTIL DEPLETED.

WOMEN IN TECHNOLOGY SCHOLARSHIP

MISSION STATEMENT

The Women in Technology Scholarship is designed to identify women who are exceptionally talented in their problem-solving and critical thinking skills, academically successful, and passionate about emerging technology industries. Three components encompass this program: scholarship, community and mentorship.

WOMEN IN TECHNOLOGY SCHOLARSHIP

AWARDS

The Women in Technology Scholarship program will award a full scholarship including tuition and a laptop to an eligible woman pursuing a select Full Sail University degree program. Applicants will need to adhere to eligibility criteria and strict deadlines outlined in the Minimum Eligibility Requirements and Application Process sections. Upon starting the program, the recipient is paired with a mentor (female faculty or graduate in a similar field of study), during their time at Full Sail University. Along with a mentor, the award winner will have an opportunity to engage with the community by attending a conference with an emphasis in Women's leadership in technology. Finalists will be invited to a Full Sail University virtual event to participate in a whiteboard problem-solving competition. A very limited number of scholarships awarded to the finalists selected from the competition.

MINIMUM ELIGIBILITY REQUIREMENTS

To be eligible for consideration, those applying for the Women in Technology Scholarship must:

- This scholarship cannot be combined with any other scholarships initiated and/or awarded by Full Sail University.
- Financial aid is available to those who qualify.

WOMEN IN TECHNOLOGY SCHOLARSHIP

PROJECT REQUIREMENTS FOR APPLICANTS

All applicants must select a project listed below and submit an original project, with screencast, as specified in the following instructions:

CYBERSECURITY

Submit a project plan on how you would protect an information technology server against unauthorized hackers. The plan should include at least one identified system vulnerability, the significance if exploited, and possible steps to protect the system. Also, a screencast explaining the reasoning on how to protect the system must be provided.

COMPUTER SCIENCE

Submit a software application created with a programming language of your choice. The submitted application must show significance and originality and must solve a problem using computer science principles. You must also display significant use of a programming language (e.g., C#, C++, JavaScript, Java). The submission must include all sources and assets used to create the project. Outside sources must be cited within the submission. Submit a brief video (under 10 minutes) that includes the following:

- A screencast/video showcasing your application/site/work and explaining its purpose.

- An explanation of your development process. How did you make this?
- A delineation of what is created and written by you and what is from other sources such as content, code, libraries, group work, frameworks, etc. The objective is to distinguish your original contributions to the project from outside sources.

ELECTRONIC ENGINEERING

Submit an original project creating a vehicle controlled by an external input device using an Arduino board or equivalent. You must use a game engine (e.g., Unity or Unreal) to program your vehicle. The submitted project must include an original STL file of the vehicle being controlled. The submission must include all sources and assets used to create the game. Outside sources must be cited within the submission. Submissions must be under 75 MB and submitted as a complete project in ZIP format. Also, a screencast explaining the project and its features must be provided.

INFORMATION TECHNOLOGY

Submit a project plan on how you integrated a new technology in your home network or lab. Describe what you intended to accomplish, the software or hardware you used, and the results of your project. The plan should include a design of your network, servers, operating systems used, and a screencast of you demonstrating and explaining the working system.
